ISSUED TO THE SUBSCRIBERS BY PHILLIMORE & Co.,

P R E F A C E.

This tenth volume of Somerset Marriage Registers includes the remaining portion of the Registers of the important parish of St. Mary's, Taunton, down to the year 1812. Of this Mr. Bates undertook the transcription. For Bishop's Hull, and, in part, for Halse, Mr. Seager has been responsible.

It is intended that Volume XI shall be devoted to various country Parish Registers. The Marriage Registers of St. James, Taunton, have already been transcribed, and will be printed in a later volume.

1379248

The usual contractions have been made use of—

w.=widower *or* widow.

s.=spinster, single woman,
or son of.

b.=bachelor, *or* single man.

d.=daughter of.

p.=of the parish of.

co.=in the county of.

dioc.=in the diocese of.

lic.=marriage licence.

The reader must remember that the printed volumes are not "evidence" in the legal sense. Certificates must be obtained from the local clergy in charge of the Registers.

It is the Editors' wish to print two volumes annually, and thus to make a steady and substantial progress in the work of preserving our ancient Parish Registers from the risks of destruction or loss to which they are constantly exposed, even in the best circumstances, so long as their contents remain in manuscript only. They will welcome help in the work of transcription.

On the first page is written:—“This is the Register Book of the parish of Hilbishopp's, newly written in parchment according to the Statute made in A^o. 1598.”

[*There are several blank pages before the beginning of the Births and Baptisms where the last entries are September 1734, February 1733, and May 1736. This Register has evidently been carelessly written, as there are so many gaps in it. The Register of Marriages from 1734 to 1754 is not missing but entered in a book of Baptisms, and continued (after ending with 1754) from 1790 to 1798.*]

Marriages at Halse,

1559 to 1812.

NOTE.—Volume I consists of several sheets of vellum, of a large quarto size, loose and without cover, neatly written in double columns. The contents are Christenings, Burials, and Marriages, from 1559 to 1652. This book is not entered in the Parish Register Abstract of 1831.

Volume II is a narrow folio of loose vellum leaves, with a loose parchment wrapper, containing Baptisms, Burials, and Marriages, 1653 to 1685.

Volume III is a similar book of loose vellum leaves, containing Baptisms, Burials, and Marriages, 1696 to 1753, also in a loose parchment wrapper. The earlier entries are in a very confused state.

Volume IV is the usual printed folio, bound in sheep-skin, containing forms for Banns and Marriages, 1754 to 1812, irregularly entered, but in fairly good condition.

The copy has been made from a transcript provided by the Rev. F. J. Montgomery, and is now printed with his permission.
